PROFILE

I am an ambitious ICT student at Rift Valley University with a strong technical background in IT System Administration from Hurbad Institute. I specialize in managing Windows and Linux servers, network administration, and ensuring data security. I have a passion for troubleshooting complex technical issues and optimizing system performance to support organizational goals.

WORK EXPERIENCE

- Safa Electronics** 2023 - 2025
support for hardware and software
 - IT Support Specialist | Safa Electronics | Hargeisa, Somalia.
 - Provided technical support for hardware and software issues to ensure business continuity Assisted in managing local network infrastructures and server environments.
 - Handled computer maintenance and user account management
- Carwo Mabruuk** 2021 - 2022
Sales & Accounting Manager
 - Billing & Cash Management: I accurately processed customer billing, handled various payment methods (cash and mobile money), and ensured that daily revenue consistently reconciled with the sales records at Carwo Mabruuk

- PROJECTS & CERTIFICATIONS** 2024 - 2025
